Dr. Terry E. Johnson
Director of Human Resources
Merit Corporation
1640 Franklin Place,
Washington, D.C. 20041

Dear Mr. Johnson,

I am submitting my resume to express my strong interest for the Corporate Facilitator job opening I found on www.meritcorp.org. I believe my experiences as a childcare worker and my various leadership roles in Junior State, football and cheer meet your requirements for this job. I have included my resume that details the specifics of my work experiences thus far, athletic history, and my educational background.

Although I have never worked as a facilitator, I do have a depth of experience with leading children, large groups of men, and large groups of women; something I believe is rare among high school students. I believe I can use my knowledge to bring new and efficient methods to your company. I have learned to understand people, to help them focus and express their thoughts in a straightforward way. I created time on both my football team and cheer team for people to bring up questions or concerns so that, as a group, we could solve them. By developing communication skills within groups, I can create an empathetic environment where we complete tasks efficiently and with little to no conflict. Most of all, I can organize and maintain a productive task force that is aware of its expectations and completes them on time, and with consistency.

Thank you for this opportunity and for your consideration for the Corporate Facilitator position. I greatly appreciate your time and look forward to meeting you in person. Please feel free to contact me either by my cell phone at 206-459-3320 or my email at ry.breske@gmail.com.

Respectfully,

Ryan J. Breske
